

ST. TERESA's HOSPITAL

聖德肋撒醫院

Notice for Visitors

In response to the severity of epidemic, the hospital has revised the visiting measures as below effective from 1st December 2020. All patients and visitors should be restricted to follow the infection control measures and cooperate with the medical and nursing staff:

- 1) The following people should not visit the hospital or accompany patients for consultation
 - a) Have fever (body temperature $\geq 38^{\circ}\text{C}$) within 48 hours;
 - b) Have been confirmed infected with COVID-19 within 28 days, or their close contacts;
 - c) Have travel history or are subjected to compulsory quarantine within 14 days (14 days for those coming from Mainland, Macau and Taiwan), or their close contacts.
- 2) Only 1 accompanying person per patient are allowed to enter the hospital;
- 3) Visiting hours: 11am to 8pm;
- 4) Only pre-registered visitors (including accompanying carers) are allowed to visit patients. Each patient may register up to 3 visitors, and only 1 visitor is allowed to visit patient at a time;
- 5) Patients of Renal Dialysis Centre and their accompanying persons are required to produce negative COVID-19 test result on a weekly basis.

Thank you for your cooperation.
