

St. Teresa's Hospital Sir Run Run Shaw Heart & Diagnostic Center

醫療影像 USB 隨身碟說明

本隨身碟載有 DICOM 格式的醫療影像，並已預載 Weasis Medical Viewer 瀏覽軟體。適用於 Microsoft Windows 10 或更新版本，以及 Apple Mac 電腦（同時支援 Intel (x86) 及 Apple Silicon (ARM) 晶片機型）。

解鎖密碼

本隨身碟已設定加密保護，開啟密碼為您的出生年月日（共 8 位數字，格式為 YYYYMMDD）。
例：出生日期為 2001 年 1 月 1 日，密碼即為 20010101。

Microsoft Windows 使用方法

插入隨身碟後，系統通常會自動啟動 Weasis 瀏覽器（因需載入 Java 程式，請耐心等待數秒）。
若未有自動開啟，請進入隨身碟資料夾並雙擊執行：**ViewScan(Windows).exe**。

Apple macOS 使用方法

插入隨身碟後，系統通常會自動啟動 Weasis 瀏覽器（因需載入 Java 程式，請耐心等待數秒）。
若未有自動開啟，請進入隨身碟 Weasis-macOS 資料夾並按相應晶片機型雙擊執行：
Weasis_arm64.app [Apple Silicon (ARM)] 或 **Weasis_x86_64.app** [Intel (x86)]。

Medical Imaging USB Pocket Drive Instructions

This USB pocket drive contains medical images in DICOM format and comes pre-loaded with the Weasis Medical Viewer software. It is compatible with Microsoft Windows 10 or later, as well as Apple Mac computers (supporting both Intel (x86) and Apple Silicon (ARM) models).

Password Protection

This pocket drive is encrypted. The password is your date of birth in an 8-digit format (YYYYMMDD).
Example: If your date of birth is 1st Jan 2001, your password will be 20010101.

Microsoft Windows Instructions

Upon inserting the pocket drive, the Weasis viewer should launch automatically (please wait a few seconds as it loads the necessary Java components). If it does not start automatically, open the flash drive folder and double-click to run: **ViewScan(Windows).exe**.

Apple macOS Instructions

Upon inserting the pocket drive, the Weasis viewer should launch automatically (please wait a few seconds as it loads the necessary Java components). If it does not start automatically, open the flash drive Weasis-macOS folder and double-click to run: **Weasis_arm64.app** / **Weasis_x86_64.app**.

【醫療影像 USB 隨身碟交付注意事項與免責聲明】

- 本 USB 隨身碟內含病人個人隱私及醫療影像資訊（DICOM 格式），請妥善保管。自交付簽收起，本院即不負保管與外洩之連帶責任。
- 本 USB 隨身碟所載影像僅供醫療參考、轉診或病歷備份。正式醫學診斷及治療方針，應由專業醫生依據完整臨床病歷及正式報告進行評估，請勿自行解讀影像以免延誤病情。
- 如拾獲或有任何疑問，請致電 2200 3122。

* [Precautions and Disclaimer for Delivery of Medical Image USB Flash Drive] *

** This USB flash drive contains private patient information and medical images (in DICOM format). Please keep it secure. Upon delivery and signature of receipt, our hospital shall not be held liable for its custody or any data leakage. **

** The images stored on this USB flash drive are for medical reference, referrals, or medical record backup only. Official medical diagnosis and treatment plans must be evaluated by professional physicians based on complete clinical history and official reports. Please do not attempt to interpret the images yourself to avoid delaying treatment. **

** If you find it or have any questions, please contact us at 2200 3122 **
